PROFESSIONAL EXPERIENCE

JPMorganChase

Plano, Texas

Consumer Bank Shopping Sr. Product Associate

August 2026 – Present

- Supported the Becoming a Customer team by maintaining and updating the Checking & Savings shopping page content to keep customer-facing information accurate and up to date
- Led Agile delivery for shopping-page updates by refining the backlog, authoring user stories and acceptance criteria, and partnering with the quad through sprint planning, daily standups, sprint reviews, and retrospectives
- Contributed to planning and forecasting by tracking upcoming shopping-page change demand, surfacing dependencies, and helping maintain delivery timelines across partners

JPMorganChase Corporate Challenge Product Associate

July 2025 – August 2026

- Led the migration of BI reporting from Amazon QuickSight to a new in-house Reporting Hub in response to the platform's decommissioning and growing support gaps, and drove a phased rollout (MVP and Phase 2) by coordinating with design and technology teams and initiating UI/backend user stories to meet compliance timelines
- Served as Release Manager, owning end-to-end release planning and execution for pre-prod/prod environment drops — coordinated deployment schedules, created/managed ServiceNow change tickets, executed UAT testing to validate functionality and test evidence, and ensured release readiness for compliant, low-risk production deployments
- Implemented a feature in the JPMorganChase Corporate Challenge race event registration form to include a banker representative question, streamlining the tracking of client referrals by bank representatives, providing Local Race Organizers with accurate data on referred and registered clients

Chase Leadership Development Program

July 2023 – July 2025

Business Banking Product Analyst

- Built a comprehensive knowledge base on Confluence, accessing local environment testing to capture up-to-date screenshots of business banking flows, documenting all user case scenarios
- Directed the redesign of the "Getting Started" log-in page for business banking deposits, collaborating with DCE partners, analytics, and tech teams to enhance user experience and streamline the account opening process

Community & Business Development Product Strategy Analyst

- Developed and maintained team dashboards using Excel and Qualtrics to track Net Promoter Score (NPS) and Overall Satisfaction (OSAT), leveraging insights to enhance workshop content and participant engagement
- Designed a comprehensive training curriculum for 12 Community Managers across key regional hubs nation-wide, empowering them with the skills to effectively conduct workshops for over 100 small business owners

Pay Chase Card Product Analyst

- Created, documented, and reviewed 100+ UX stories detailing business requirements and technical acceptance criteria for iOS and Android updates for the delivery of Pay Card with Points + Split Tender initiatives for credit card customers
- Managed team's defect management process within JIRA: oversaw and closed 20+ priority defects and connected with key stakeholders to advanced timely defect closure
